Proposed Antelope-Pardee 500-kV Transmission Project

Date: 9-18-06
Name*: Allen & Jeannine Nachowitz
Affiliation (if any)*: _____
Address*: 8822 Babia St.
City, State, Zip Code*: Leona Valley, CA 93551
Telephone Number*: 661-270-1730
Email*: jmnacho@yahoo.com

We are completely opposed to the proposals of the transmission project. There are only negative impact issues for Leona Valley residents. The main reason we pay more for our homes, higher utility rates & the willingness to commute hours to our jobs is because we are environmental enthusiasts, who specifically wanted to live away from containment in a quieter, cleaner, safer community with the natural wildlife raising our families & pets.

- 1) Our property values would take a nose dive - because who would want them with noisy & dangerous power lines
- 2) Environmentally what happens to our wildlife, who wants to risk their health have a shorter life span
- 3) Explain to our kids ~~how~~ how deformities happened to their pets.

Please print. Your name, address, and comments become public information and may be released to interested parties if requested.

D.60-1

Please either deposit this sheet at the sign-in table before you leave today, or fold, stamp, and mail. Insert additional sheets if needed. Comments must be postmarked by September 18, 2006. Comments may also be faxed to the project hotline at (661) 215-5152 or emailed to antelope-pardee@aspeneg.com.

The dust goes on & on with things negatively impacting our community if this project is approved
Please Do NOT let it happen. Thank you

Response to Comment Set D.60: Allen and Jeannine Nachowitz

- D.60-1 Thank you for submitting your opinions on the Project. Please see General Response GR-1 regarding potential effects on property values, and General Response GR-3 regarding health concerns associated with EMF. Impacts to wildlife as a result of the Project are discussed in Section C.3 of the Draft EIR/EIS.
