

PUBLIC SCOPING MEETING

*San Onofre Nuclear Generating Station &
Diablo Canyon Power Plant
Steam Generator Replacement Project EIR*

Wednesday, October 13, 2004

10:30 a.m. – 1:30 p.m

Auditorium

California Public Utilities Commission
505 Van Ness Avenue, San Francisco, California

The California Public Utilities Commission will hold a public interest meeting for the San Onofre Nuclear Generating Station (SONGS) and Diablo Canyon Power Plant Steam Generator Replacement Projects. This meeting is primarily intended for those on the Service Lists for each project, and is separate from the public scoping meetings being held in San Clemente on October 21 and San Luis Obispo on October 27. The purpose of the meeting is to solicit input from interested parties about the proposed steam generator replacement projects at SONGS and Diablo Canyon. The meeting agenda is presented for your review below.

Agenda

- I. Welcome and Introduction
- II. Project Background
- III. The CPUC Review Process
 - General Proceeding
 - CEQA Review
- IV. Public Comments
- V. Meeting Conclusion

Providing Written Comments: You are encouraged to submit your comments in writing. Comments may also be submitted directly to the California Public Utilities Commission via mail, fax or e-mail:

Mail: California Public Utilities Commission
c/o Aspen Environmental Group
235 Montgomery Street, Suite 935
San Francisco, CA 94104

| Project Contact Info | San Onofre | Diablo Canyon |
|-----------------------------|-----------------------|--------------------------|
| E-Mail | sanonofre@AspenEG.com | diablocanyon@AspenEG.com |
| Fax # | (949) 203-6410 | (805) 888-2750 |

Verbal and written comments will be given equal consideration.

PUBLIC SCOPING MEETING

*Diablo Canyon Power Plant, Units 1 & 2
Steam Generator Replacement Project EIR*

Wednesday, October 27, 2004

Afternoon: 2:30 – 4:30 p.m.

and

Evening: 7 – 9 p.m.

San Luis Obispo Library, Community Room
995 Palm Street, San Luis Obispo, California

Meeting Purpose: Section 15083 of the Guidelines for Implementation of the California Environmental Quality Act (CEQA) indicates that a Lead Agency preparing an EIR may consult directly with any person or organization it believes will be concerned with the environmental effects of a proposed project. Lead agencies have often found that early consultation with the public can identify environmental concerns that should be addressed in an EIR and may arise as issues later in the project review process. This early consultation with the public is called *scoping*. Scoping helps agencies to identify the range of actions, alternatives, mitigation measures and significant effects to be analyzed in depth in an EIR and eliminate from detailed study issues found not to be important.

Agenda

- | | | |
|------|----------------------------------|------------------|
| I. | Welcome and Introduction | Lewis Michaelson |
| II. | Overview of the Proposed Project | Tom Murphy |
| III. | The Environmental Review Process | Tom Murphy |
| IV. | Public Comments | Lewis Michaelson |
| V. | Meeting Conclusion | Lewis Michaelson |

Providing Verbal Comments: To make verbal comments on the project at this meeting, please fill out a speaker card and turn it in at the sign-in table. Please fill out the card as completely as possible, providing your name and address for the record. During the public comment portion of the meeting, speakers will be called to the microphone individually by the meeting facilitator. Speakers will be called according to the order that speaker cards are received. Each speaker will have three minutes to make comments.

Providing Written Comments: You are encouraged to submit your comments in writing. Please use the forms provided at this meeting and submit them at the sign-in table. Comments may also be submitted directly to the California Public Utilities Commission via mail, fax or e-mail:
