

# K. Index

## **Agriculture**

Environmental Setting .....	D.6-1
Impacts of the Proposed Project .....	D.6-20
Impacts of the Alternatives .....	D.6-38
Mitigation Measures and Monitoring .....	D.6-56

## **Air Quality**

Environmental Setting .....	D.12-1
Impacts of the Proposed Project .....	D.12-26
Impacts of the Alternatives .....	D.12-36
Mitigation Measures and Monitoring .....	D.12-47

## **Alternatives**

*Section C of the EIR/EIS is devoted to describing the alternatives. Appendix 1 of the EIR/EIS describes alternatives in detail. Each part of Section D presents analysis of each alternative by issue area.*

Screening of the Alternatives: Section C and Appendix 1	
Description of the Alternatives: Section C and Appendix 1	
Alternatives Considered but Eliminated from Detailed Analysis: Section C.5 (pages C-8, C-22) and Appendix 1 (page Ap.1-13)	
Comparison of the Consequences of Each Alternative: Section E	

<b>Applicant Proposed Measures</b> .....	B-47
--	------

## **Archaeological Resources**

*See Section D.3, Cultural Resources*

<b>Arizona Corporation Commission</b> .....	A-18
---	------

## **Biological Resources**

Environmental Setting .....	D.2-1
Impacts of the Proposed Project .....	D.2-105
Impacts of the Alternatives .....	D.2-172
Mitigation Measures and Monitoring .....	D.2-271

<b>Bureau of Land Management</b> .....	A-17
--	------

<b>California Public Utilities Commission</b> .....	A-6, A-16
---	-----------

## **Climate and Meteorology**

*See Section D.11, Air Quality*

## **Contamination (Hazardous Materials)**

Environmental Setting .....	D.10-1
Impacts of the Proposed Project .....	D.10-12
Impacts of the Alternatives: .....	D.10-20
Mitigation Measures and Monitoring .....	D.10-59

## **Cultural and Paleontological Resources**

Environmental Setting .....	D.7-1
Impacts of the Proposed Project .....	D.7-38
Impacts of the Alternatives: .....	D.7-92
Mitigation Measures and Monitoring .....	D.7-133

## **Cumulative Effects**

*Section F of the EIR/EIS is devoted to cumulative effects*

## **Economics**

*See Section D.14, Socioeconomics*

## **Comparison of Alternatives**

*See Section E*

## **Endangered Species**

*See Section D.2, Biological Resources*

## **Electric and Magnetic Field (EMF)**

Environmental Setting .....	D.10-27
-----------------------------	---------

## **Environmental Analysis**

*Section D.1 of the EIR/EIS describes approach and methodology. Each part of Section D describes methodology specific to the discipline addressed.*

<b>Environmental Justice</b> .....	G-1
------------------------------------	-----

## **Geology, Mineral Resources, Soils (Section D.13)**

Environmental Setting .....	D.13-1
Impacts of the Proposed Project .....	D.13-36
Impacts of the Alternatives: .....	D.13-52
Mitigation Measures and Monitoring .....	D.13-68

<b>Growth Inducing Effects</b> .....	G-12
--------------------------------------	------

## **Historic Sites**

*See Section D.7, Cultural Resources*

## **Hydrology**

*See Section D.12, Water Resources*

**Land Use (Section D.4)**

Environmental Setting ..... D.4-1  
 Impacts of the Proposed Project ..... D.4-21  
 Impacts of the Alternatives: ..... D.4-35  
 Mitigation Measures and Monitoring ..... D.4-51

**Mineral Resources**

*See Geology, Mineral Resources, and Soils (Section D.13)*

**Mitigation Measures**

*Each part of Section D presents mitigation measures, as required*

**Mitigation Monitoring**

*Section H of the EIR/EIS addresses Mitigation Monitoring*

**No Action Alternative** ..... C-52

**Noise (Section D.8)**

Environmental Setting ..... D.8-1  
 Impacts of the Proposed Project ..... D.8-24  
 Impacts of the Alternatives: ..... D.8-38  
 Mitigation Measures and Monitoring ..... D.8-45

**No Project Alternative** ..... C-52

**Operation and Maintenance** ..... B-44

**Paleontological Resources**

*See Cultural and Paleontological Resources (Section D.7)*

**Permits** ..... A-19

**Public Health and Safety (Section D.10)**

*See Contamination (Sections D.10.1 to D.10.10) and EMF (Sections D.10.11 to D.10.12)*

**Public Meetings** ..... I-1, I-7

**Purpose and Need for the Project** ..... A-7

**Recreation**

*See Wilderness and Recreation, Section D.5*

**Scoping** ..... I-1

**Significant Environmental Effects** ..... G-15

**Significant Irreversible and Irretrievable Changes**

..... G-14

**Socioeconomics (Section D.14)**

Environmental Setting ..... D.14-1  
 Impacts of the Proposed Project ..... D.14-26  
 Impacts of the Alternatives: ..... D.14-38  
 Mitigation Measures and Monitoring ..... D.14-47

**Soils**

*See Geology, Mineral Resources, and Soils (Section D.13)*

**Transmission Economic Assessment Methodology (TEAM)**

*See Section A.1.4 (page A-6)*

**Threatened and Endangered Species**

*See Section D.2, Biological Resources*

**Transportation and Traffic (Section D.9)**

Environmental Setting ..... D.9-1  
 Impacts of the Proposed Project ..... D.9-13  
 Impacts of the Alternatives: ..... D.9-31  
 Mitigation Measures and Monitoring ..... D.9-45

**Visual Resources (Section D.3)**

Environmental Setting ..... D.3-1  
 Impacts of the Proposed Project ..... D.3-50  
 Impacts of the Alternatives: ..... D.3-85  
 Mitigation Measures and Monitoring ..... D.3-120

**Water Resources (Section D.12)**

Environmental Setting ..... D.12-1  
 Impacts of the Proposed Project ..... D.12-15  
 Impacts of the Alternatives: ..... D.12-24  
 Mitigation Measures and Monitoring ..... D.12-33

**Wetlands and Floodplains**

*See Biological Resources (Section D.2)*

**Wilderness and Recreation (Section D.5)**

Environmental Setting ..... D.5-1  
 Impacts of the Proposed Project ..... D.5-18  
 Impacts of the Alternatives: ..... D.5-29  
 Mitigation Measures and Monitoring ..... D.5-54
