Embarcadero-Potrero 230 kV Transmission Project
NTP # 2 Potrero Site Preparation Submittal

APM or MM addressed:	APM – HM-2 Development and Implementation of a Health and Safety Plan.
Attachments:	1. B&V Health and Safety Plan
Date Submitted:	July 24, 2014

APM – HM-2 Development and Implementation of a Health and Safety Plan. *PG&E will prepare a project-specific health and safety (H&S) plan prior to project construction. The purpose of the plan is to minimize potential safety hazards to site construction workers. The H&S plan will outline the project team H&S responsibilities; present job safety analyses, H&S procedures, and personal protective equipment requirements; establish worker training and monitoring requirements; and describe emergency response procedures relevant to project activities. Each contractor will be responsible for preparing and submitting to PG&E their own H&S Plan specific to their activities using the PG&E Plan for project-specific information.*

PG&E response:

Please see the attached Health and Safety Plan for NTP #2 HDD work.
