**Subject:** Viejo System Project

To Whom It May Concern:

I am herewith expressing my desire to bury new and existing transmission lines underground instead of the proposed overhead pole installation. I am greatly concerned with the health hazard these lines present to the public and also with the fact that they bring down the property value of the homes in their vicinity.

40-1

Sincerely,

Doris M. Schumann

- 40-1 Thank you for sharing your concerns. Please see General Response GR-1 regarding EMF and General Response GR-2 concerning property values. For additional information regarding the undergrounding of electrical transmission lines please see General Response GR-3, as well as Appendix 8, which discusses various route options considered by the CPUC.
