Dear Mr. Boccio and Ms. Kadota:

I am writing to express my opposition to Alternative Five for the Antelope-Pardee Transmission Project. This alternative adversely impacts many residents along the proposed route and, therefore, is not in the best interest of the region.

I am in favor of the Transmission Project and see the need to upgrade sources of electricity supplying Los Angeles, however, I think there are other alternatives that will do so without creating hardships to the people living in the Antelope Valley, Agua Dulce, and Leona Valley.

Sincerely,

Keith S. Richman, M.D.
