

Comment Set C.186: Dan Wangsness, Virginia Deaton, Michael Allen

September 30, 2006

Ms. Marian Kadota,

We are opposed to the SCE Antelope-Pardee 500K
Transmission Project.

This is an established rural community. The emphasis is on living in the country. Growing edible Food (Fruits & Vegetables) and raising farm Animals. This project defeats this purpose and quality of living, not only for the people who live here, but also for the people who come here to purchase good food and enjoy being in a rural setting.

The project is destroying a beautiful natural environment. We can't believe that part of the project is going to be in a protected environment the Los Angeles National Forest. The disruption to all the wild animals will have a tremendous impact.

We are all responsible for protecting this world for future generations.

Dan Wangsness
Virginia Deaton
Michael Allen
