

Comment Set D.52: John Helton

CALIFORNIA PUBLIC UTILITIES COMMISSION

Public Meeting Comments

Proposed Antelope-Pardee 500-kV Transmission Project

Date: 9-12-06

Name*: John HELTON

RECEIVED
SEP 15 2006

Affiliation (if any)*: _____ BY: _____

Address*: 8525 Wild Flower Ln.

City, State, Zip Code*: AGUA DULCE, CA. 91390

Telephone Number*: 661-268-1849

Email*: _____

My objections to proposed ATERNATE #5 TRANSMISSION
1. The value of my home and property would significantly drop - since the EXACT ROUTE is not available - the tower might sit where my house is - if not the route would be too close and ruin my home
2. The cost of legal fees because I am going to sue.
3. The noise pollution, electromagnetic field, visual pollution, fire hazards, earthquake hazards, - all would significantly lower the value of my home and ruin the visual pleasure and rural atmosphere.
4. The transmission lines should be in the utility corridor NOT CREATING a NEW ONE.
5. The cost of a longer route would be significant.
6. The loss of property taxes from future developments and lower value of existing homes.

D.52-1

*Please print. Your name, address, and comments become public information and may be released to interested parties if requested.

Please either deposit this sheet at the sign-in table before you leave today, or fold, stamp, and mail. Insert additional sheets if needed. Comments must be postmarked by September 18, 2006. Comments may also be faxed to the project hotline at (661) 215-5152 or emailed to antelope-pardee@aspeng.com.

Response to Comment Set D.52: John Helton

D.52-1 Thank you for submitting your comment and concerns. Please see General Response GR-1 regarding potential effects on property values, General Response GR-2 regarding property acquisition, and General Response GR-3 regarding EMF concerns. For further information on the impacts associated with earthquakes, noise, public services, and visual resources as a result of Alternative 5, please see the Draft EIR/EIS Sections C.5.10, C.10.10, C.11.10, and C.15.10, respectively.
