Subject: Late Filed Comment from SCE for Antelope Transmission Project
Segment 1 DEIR/DEIS

John Boccio/Marian Kadota
CPUC/USDA Forest Service
c/o Aspen Environmental Group
30423 Canwood Street, Suite 215
Agoura Hills, CA 91301

Dear Mr. Boccio and Ms. Kadota,

Please accept the following as a late-filed comment for Antelope
Transmission Project Segment 1:

SCE is concerned that the requirement for review and approval of certain documents (including, but not limited to, the SWPPP) by the CPUC and/or the Forest Service ("Agencies") could negatively impact the construction schedule of the project because there are no established timeframes associated with the review and approval of these documents. In order to expedite construction, SCE recommends that SCE provide a copy of the appropriate document to the Agencies and that the Agencies respond within 15 days. If no response is received from the Agencies by SCE within this 15-day period, the documents will be deemed approved. SCE requests that the EIR/EIS reflect this recommendation.

E.22-1

Thank you,

/s/ Tracey Alsobrook

Response to Comment Set E.22: Applicant – Review/Approval of Documents

E.22-1 The Lead Agencies do not agree that the lack of a response should constitute approval. The Lead Agencies will work diligently to complete the required reviews in a timely manner.
