Dear Sir,

The proposal to install high-voltage power lines on or near my property on 8310 Calve Street, Leona Valley, CA 93551 significantly impacts the safety of my family and the financial value of my property.

C.102-1

Thank you,

Richard T. Johnson

C.102-1 Neither the proposed Project nor any of the alternatives are located in close proximity to 8310 Calve Street. However, there is a separate proposed transmission line known as Segment 2 of the Antelope Transmission Project that includes an alternative route located just east of that address. That project is evaluated in the Draft EIR for Segments 2 and 3 of the Antelope Transmission Project (SCH #2006041160).
