Limited information was available concerning this agreement, but apparently it was terminated by 1987, and was in association with a gunnery range. FUDS Description :

te are designated as "contaminated military area surface use only, R-05656" on the Bureau-of Land Management (BLM) MT Plat Map (4 April 1989). A proposed San Felipe corridor is indicated as a north to south traverse across the site, according to the BLM Desert Access Guide #22, Imperial Valley South (November 1989). In approximately 1945, the Eleventh Naval District apparently acquired 640 acres of land (South 1/2 of Section 29 and the North 1/2 of Section 32, in Township 14 South, Range 10 East) from the Department of Interior. The Bomb Target (No. 79) site is located in Imperial County, California, approximately 10.75 miles north of Plaster City in vacant desert. Currently, this 640-acre site is under the jurisdiction of the Bureau of Land Management (BLM), and is undeveloped desert land. This property is known or suspected to contain military munitions and explosives of concern (e.g., unexploded ordnance) and therefore may present an explosive hazard

The available information indicates that in 1945, the Eleventh Naval District acquired between 400 and 480 acres of desert land for this site. Approximately 80 acres were acquired by lease (south half of southwest quarter of Section 25, Township 14 South, Range 12 East), and 320 acres (northeast quarter and southeast quarter of Section 25) were presumably acquired by temporary permit from the Department of Interior. Historical records indicate that the Navy was interested in an additional 80 acres (north half of southwest quarter of Section 25), but no information is available concerning whether a lease was ever acquired for this additional acreage. This target site was discontinued by October 1946 and, at that time steps had been initiated to return the land to its owners. No further information is available concerning disposal of this site.<br>FUDS Description : The site is located in Imperial County, California, consisting between 400 and 480 acres. specifically, the southwest quarter, and west half of the east half of Section 25 (320 acres) have been withdrawn by the Department of the Navy; the remaining portion (160 acres) is under the jurisdiction of the Bureau of Land Management (BLM). The withdrawal was approved by Congress in 1996 as part of Public Law 104-201. The BLM considers this land to be under the Navy's jurisdiction. This property is known or suspected to contain military munitions and explosives of concern (e.g., unexploded ordnance) and therefore may present an explosive hazard.
