**Re: Data Request No. 1 Follow Up for the Mesa 500-kV Substation Project (CPUC Proceeding A. 15-03-003)**

Mr. Horne:

Upon further review of Southern California Edison's Proponent's Environmental Assessment (PEA) and responses to Data Request #1 for the Mesa 500-kV Substation Project, the Energy Division requests the information contained in Attachment 1 to this letter. In an effort to expedite scheduling per SCE's request, we request that the response to this item be provided to us within 14 days.

The Energy Division reserves the right to request additional information at any point in the process. Questions relating to the Mesa 500-kV Substation Project should be directed to me at (415) 703-1966 or [lisa.orsaba@cpuc.ca.gov](mailto:lisa.orsaba@cpuc.ca.gov).

Sincerely,

*MJ Orsaba*

Lisa Orsaba,  
California Public Utilities Commission  
Energy Division

Claire Hodgkins, Ecology and Environment, Inc.

Attachment 1: Data Request #1 Follow Up 03

Item #	Reference/ Page #	Title	Request
DR#01 Q.19-02	PEA, 4.1 Aesthetics, p.4.1-65	<b>Vegetation Removal and Planting Areas</b>	In response to Data Request #1 Follow Up Q.19-01 SCE indicated that the revised visual simulations provided for KOPs 1 and 4 reflect a 10-foot high wall. The CPUC understands that the proposed perimeter wall will actually be 12-feet high. Provide revised visual simulations for KOPs 1, 4 and 11 to reflect a 12-foot high wall.
