

Southern California Edison
MESA PTC A.15-03-003

DATA REQUEST SET A1503003 ED-SCE-03

To: ENERGY DIVISION
Prepared by: Daniel Donaldson
Title: Power System Planner
Dated: 09/01/2015

Question 03:

Provide the following information regarding probable impacts if the Mesa project were not approved/built (i.e., the “no project” alternative) as described in SCE’s responses to Q.1 and Q.2:

- A. Describe whether the no project alternative would meet reliability standards following retirement of OTC generation.

Response to Question 03:

The no project alternative would not meet reliability standards in the long term. Refer to Page 1, lines 33-38 and Page 2, lines 28-37 of the document attached in Question 1.a for additional information responsive to this question.
