DATA REQUEST SET A.15-03-003 ED-SCE-01 Follow Up

To: ENERGY DIVISION
Prepared by: Rey Gonzales
Title: Environmental Project Manager
Dated: 07/08/2015

Question 19-01 Supplemental:

Vegetation Removal and Planting Areas

Reference: PEA, 4.1 Aesthetics, p.4.1-65

SCE states that it intends to replace the 15-20 foot tall street trees with low ground cover and smaller shrubs. However, KOPs 1 and 4 show street trees along Potrero Grande Drive rather than ground cover and smaller shrubs. Based on this statement, provide revised visual simulations for KOPs 1 and 4 that show this.

Response to Question 19-01 Supplemental:
