**California American Water Co. Application A.12-04-019: Monterey Peninsula Water Supply Project (MPWSP)**

**MPWSP DEIR Comment Period Extended to September 30, 2015**

The Energy Division is extending the comment period on the MPWSP Draft Environmental Impact Report (DEIR). Comments on the DEIR have addressed issues about potential conflicts of interest; access to ground water modelling and data; and the advisability of joint state/federal environmental review. In light of these issues, the comment period is being extended until **Wednesday, September 30, 2015**. We have prepared a more detailed statement addressing these issues, which we strongly encourage you to read. That statement is available at: <http://www.cpuc.ca.gov/PUC/energy/Environment/Current+Projects/esa/mpwsp/index.html>.

Comments are now due by close of business on **Wednesday, September 30, 2015**. The DEIR and Appendices are available for download at: <http://www.cpuc.ca.gov/Environment/info/esa/mpwsp/index.html#deir>
