Subject: Suncrest- MPR #4

Hi Rob,

Please find attached Minor Project Refinement (MPR) #4. As we have indicated, HorizonWest Transmission has taken some additional time to understand why there have been some minor deviations in the construction footprint, which has delayed our submittal of this completed MPR #4. We do apologize for this delay, but we are hopeful that the CPUC might

be able to review and approve MPR #4 by 6-10-19 in order to maintain the project's construction schedule. Please contact us at your earliest convenience with any questions or comments.

Thanks, Andy
