Re: Data Request #4 for the SCE EPL TLRR Project (A.23-04-009)

Dear Mr. Diaz:

Southern California Edison Company (SCE) submitted its Certificate of Public Convenience and Necessity (CPCN) and Proponent's Environmental Assessment (PEA) on April 26, 2023. The California Public Utilities Commission (CPUC) Energy Division provided PEA deficiency letters to SCE on May 19 and June 27, 2023 and SCE is currently completing additional analysis.

As we prepare for the environmental analysis for the CEQA compliance document, we have identified additional information needed from SCE. Attached please find Data Request No. 4, which defines the additional questions we have at this time. We would appreciate your prompt responses to our data requests.

One set of responses should be sent to the Energy Division and one to our consultant Panorama Environmental, Inc. in electronic format. Any questions on this data request should be directed to me by email at eric.chiang@cpuc.ca.gov.

Sincerely,

Eric Chiang
Project Manager, Energy Division

Submittal

Document Title: Proponent's Environmental Assessment for Southern California Edison Company's TLRR EPL Project
Data Request Form No. No. 4
Description: Data Request #4
From: Panorama Environmental Inc.
To: Southern California Edison
Date Submitted: February 20, 2024

Determination

- Meets CPUC Requirements, No Additional Information Needed
 Does not Meet CPUC Requirements (see Deficiencies below)
 Additional Data Needed (see Data Requests below)

Data Request

PEA Section or Page #	Comment Code	Data Request
Chapter 3: EPL Project Description		
3.5 Construction		
Table 3.5-3. Potential Staging Area Locations	DR4-1	<p>Issue: CPUC understands that National Park Service and U.S. Bureau of Land Management have requested that SCE relocate a staging area because it is located within a designated wilderness area and SCE is in the process of updating the staging area location to avoid the conflict with designated wilderness areas.</p> <p>How to Address: Please provide updated GIS data for the project with the revised staging area location. Please update appropriate table(s) in the Draft Project Description to reflect the new location(s) of staging area(s). Provide supplemental biological and cultural resource survey data for the new staging area and any associated access roads.</p>
