Response To The California Public Utilities Commissions' Deficiency Report For The Riverside Transmission Reliability Project Application (A.15-04-013)

Note, due to its size, SCE has electronically filed its *Response To The California Public Utilities Commissions' Deficiency Report For The Riverside Transmission Reliability Project Application (A.15-04-013)* ("Response") without the appendices attached. A complete copy of this filing, including the Response and all appendices, has been filed with the Commission's docket office as an archival CD.

Further, as described in SCE's Notice of Availability filed herewith, and pursuant to Commission's Rules of Practice and Procedure 1.9(d)(4) and 1.6(a), SCE makes this Response available online. The following instructions may be used to access the Response:

- Go to www.sce.com/applications;
- Under "CPUC Open Proceedings," type A.15-04-013 into the search box;
- Click "Go"; and
- From the Search Results screen, click the icon in the "Attachment" column that corresponds to the Response described herein.
