2.1 INTRODUCTION

This section includes a list of the public agencies, organizations, and individuals who provided comments on the Draft EIR, copies of written comments received on the Draft EIR, and responses to those comments. As required by CEQA, these responses to comments address significant environmental issues raised by commenters (PRC § 21091(d); CEQA Guidelines Sections 15088(a), 15132).

2.2 OPPORTUNITIES FOR PUBLIC COMMENT ON THE DRAFT EIR

2.2.1 Notification

On September 17, 2015, the CPUC published and distributed the Notice of Availability (NOA) of a Draft EIR to inform interested local, regional, and state agencies, and the public that a Draft EIR had been prepared and published for the Proposed Project. The CPUC mailed 17,325 copies of the NOA to residents and property owners within 1,000 feet of the Proposed Project and each alternative alignment. The CPUC mailed 144 copies of the NOA to agencies, organizations, and tribes. Fifteen copies of the NOA and one copy of the Notice of Completion were sent to the State Clearinghouse for distribution. The NOA presented the background, purpose, description, and location of the Proposed Project, as well as the contact name to request additional information about the Project. The NOA solicited written comments on the Draft EIR during a 45-day comment period (September 17, 2015 through November 2, 2015) and provided information on forthcoming public informational workshops. The CPUC granted six parties an extension of the comment period until November 16, 2015, upon request.

In addition to the NOA, the CPUC notified the public about the September 28 and 29, 2015 public informational workshops to receive comments on the Draft EIR through newspaper legal advertisements, the Proposed Project website, and fliers posted in the community in 48 locations (see Attachment 1: Draft EIR Public Review Materials of this Final EIR). The CPUC published legal advertisements in the San Diego Union Tribune on September 17, 2015 and September 27, 2015. Additionally, electronic copies of the NOA and the Draft EIR were posted on the CPUC's website at:

http://www.cpuc.ca.gov/Environment/info/panoramaenv/Sycamore_Penasquitos/index.html. The NOA, newspaper legal advertisement, and the public informational workshop sign-in sheets are provided in Attachment 1. Notifications provided basic project information and the date, time, and location of the public informational workshops. The public was encouraged in the NOA, newspaper legal advertisements, and at the public informational workshops to

submit written comments and concerns regarding the Proposed Project and the adequacy of the Draft EIR at the public workshop, by mail, facsimile, or email to the CPUC.

2.2.2 Public Informational Workshops

The CPUC held public informational workshops in San Diego on September 28 and 29, 2015 to accept comments on the Draft EIR from agencies, organizations, and individuals. The informational workshop times and location are summarized in Table 2.2-1.

Table 2.2-1 Information Workshops on the Draft EIR

Day and Date	Time(s)	Address
Monday, September 28, 2015	7 PM to 9 PM	DoubleTree Golf Resort San
Tuesday, September 29, 2015	2 PM to 4 PM 7 PM to 9 PM	 Diego Heritage Ballroom 14455 Peñasquitos Drive San Diego, CA 92129

A presentation (see Attachment 1: Draft EIR Public Review Materials of this Final EIR) was given at the September 28 and 29, 2015 informational workshops that included an overview of the CPUC's decision-making process, including:

- The environmental review process
- Project background
- Project description
- Summary of significant unavoidable impacts of the Proposed Project
- Project alternatives
- Public comment process

Following the presentation, attendees were welcome to visit informational stations to ask clarifying questions about the Proposed Project. All attendees were encouraged to submit written comments on the Draft EIR.

2.3 COMMENTS ON THE DRAFT EIR

The CPUC received 135 comment letters from various federal and state agencies, organizations, SDG&E, and individual members of the public. Ten comment letters were received after the end of the comment period; these comments were accepted and are included in this Final EIR. The CPUC has considered all comments and provides responses to all comments in this document.

2.4 LIST OF COMMENTERS

Table 2.4-1 lists the persons and agencies that submitted comments on the Draft EIR. Comments within each comment letter are numbered (e.g., A1-1, A1-2); these comment numbers are also provided in Table 2.4-1. Each comment letter is followed by the corresponding responses. Comment letters are presented in the order received.

Comment letters are grouped in the following categories:

- A. Public Agencies and Tribal Governments
- B. Community Groups, Private Companies, and Private Organizations
- C. Private Individuals
- D. SDG&E

The comment letters and comment responses are included in Section 3, below. If revisions were made to the EIR based on the comments, the revisions are provided with the response to the specific comment and are indicated in the text of this Final EIR with strikethrough for deletions of text and underline for additions of text.

2.4.1 Summary of Comments

Agency and organization comments included topics such as technical clarifications and corrections, concerns regarding underground utilities, Federal Aviation Administration (FAA) notification, impacts on biological resources, impacts on traffic, cumulative impacts, and preference for the environmentally superior alternative. Individual comments included concerns about health and safety; impacts on property values; impacts on traffic and emergency access; support for the environmentally superior alternative; and rejection of the Proposed Project and of Alternatives 3 and 4. Applicant comments included technical clarifications and corrections, and provision of supplemental data on minor project refinements and alternatives refinements.
