A09-04-001

Disposition of application for rehearing of Decision (D.) 15-01-052, filed by Californians for Renewable Energy (CARE). D.15-01-052 grants limited rehearing and otherwise denies the applications for rehearing of D.12-03-008 filed by CARE and Communities for a Better Environment (CBE). D.12-03-008 concludes that Pacific Gas and Electric Company (PG&E) violated D.09-04-017 (Mariposa PPA Decision) in part, by violating the Mariposa power purchase settlement adopted in that decision. D.12-03-008 further denies the petition for modification of the Mariposa PPA Decision filed by CARE, and declines to impose penalties on PG&E. D.15-01-052 grants limited rehearing of D.12-03-008 to assess appropriate penalties for PG&E's violation of the settlement, and otherwise denies the earlier rehearing application.

The settlement is between Golden State and some of the parties to A.08-08-022, specifically, Sutter Point Developers, Sutter County, and Robbins Ad-Hoc Committee (collectively the joint parties). A11-04-001

Disposition of application for rehearing of Decision (D.) 13-11-005 (Decision) filed by Southern California Edison Company (SCE). The Decision approved SCE's 2010 Energy Resource Recovery Account compliance application. In pertinent part, the Decision noted that the Least Cost Dispatch (LCD) compliance showing was consistent with prior showings and that no evidence justified specific disallowances. However, the Decision also found that the LCD showing was not fully consistent with Commission direction regarding the type of showing needed to demonstrate successful LCD compliance. Thus, the Decision directed Energy Division to conduct workshops to develop criteria and a resulting methodology for future LCD compliance showings. In the meantime the Decision directed that future compliance showings should include precise numerical calculations to demonstrate LCD achievement during the record period.
