Subject: Fwd: My next door neighbor asked me to write

To whom it may concern:

I have already sent you a letter of concern about having Sunrise Power Link possibly going through our Deerhorn Valley neighborhood. My neighbor, Barbara Carr, asked me to write to you on her behalf. She is 80 years old and lives across the street from me on Bexley Rd. She is very worried about possible fires caused by the electric wires, the effect on the environment, health concerns, and the loss of value of her property. Her property, would face the enormous electric towers were they to go through our valley. She survived the Harris fire but is now worried about the future of the value of her house and property.

She asked me to write because she wants her voice to be heard. She does not have access to a computer or fax machine.

Thank you

Coral Thuet, for Barbara Carr
