Re: Sunrise Powerlink New Information Route "D" Alternative

Dear Ms. Blanchard:

Unfortunately my husband and I were unable to attend last nights meeting in Boulevard relating to the Powerlink. However, this does not mean that we are oblivious to the fact of the outcome of this project.

We live in Boulevard because is peaceful and affordable. But what is proposed by SDG&E will kill our property values at a time in our lives when we may need to sell and move nearer to town. My husband is 75 and I am 69 and still working probably 50 hours a week. If we were unable to sell because of the proposed Powerlink cables we would be in a pretty bad shape, along with many other persons in the propsed route.

If this should go through any part of our property we hope that SDG&E would purchase our property from us at the value it will be prior to the construction of the line.

As you can tell from my letter we are opposed to this project.

Sincerely

Greta Ward
