

This image presents the **Existing View** to the north from **KOP 1** on northbound **Leon Road**, just north of Simpson Road, in the City of Menifee. This view encompasses a rural, undeveloped landscape consisting of valley floor, reclamation ponds, agricultural fields, and the rocky form of Double Butte Mountain (West) in eastern Menifee Valley. The above-ground portion of an existing wood-pole distribution line terminates, immediately north of KOP 1 on the west side of Leon Road (visible in the photo above).
