## Comment Set D.78: Mike and Joanne Karlis

## Scoping Comments

Proposed Antelope-Pardee 500-kV Transmission Project

Date: 9-18-06	Deceiaeu
Name*: Mike and Joanne Karlos	A SEP 2 0 2006 U
Affiliation (if any):*	D 1:
Address: * 11043 Elizabeth Lake Road - P.O. Bo	4787
City, State, Zip Code: * Leona Valley, Ca 93551	
Telephone Number:* (66) 270-9625	
Email:* Mkarlis@yahov.com	
This is to notify you that we stand	in strong
opposition to the proposal to install new	high tension
transmission lines along 107th Street and	Lost Valley Road
The proposed plan would be close to mu	property
on Elizabeth lake Road. My property i	was reuntry
appraised at over 1 million dollars. The	
lines would greatly decrease my property	
well as be destructive to this beautifu	1, prestine area.
Leona Valley is one of the last rural a co. California. Why not double up on the ex	reas left in
is. California. Why not double up on the ex	kisting towers
instead of destroying this beautiful a	rea and we are
also very concerned about the rise in can	
people living within a mile of the lines	
	)

Please either deposit this sheet at the sign-in table before you leave today, or fold, stamp, and mail. Insert additional sheets if needed. Comments must be postmarked by September 18, 2006. Comments may also be faxed to the project hotline at (661) 215-5152 or emailed to antelope-pardee@aspeneg.com.

D.78-1

## Response to Comment Set D.78: Mike and Joanne Karlis

D.78-1 Thank you for your opinion and concerns regarding Alternative 5. A number of alternative routes were identified during the Scoping process to avoid the impacts of SCE's proposed Project. Please see General Response GR-4 regarding the alternatives identification process for the project. Please see General Responses GR-1 and GR-3 regarding potential effects on property values and EMF health concerns. Also, note that the Draft EIR/EIS identifies numerous adverse visual effects from the proposed Project or the alternatives.
