Subject Extension of Public Comment Period Antelope-Pardee Project

Dear Judge Halligan:

We are writing to request an extension of the public comment period for the Antelope-Pardee 500kv Transmission Project. Public comment is scheduled to close Sept. 16, 2006. Since the communities of Leona Valley and Agua Dulce were not included in the original scoping process. Alternate of the EIR/EIS affects both communities.

We attend the meeting held in Agua Dulce and were shocked to find out that property owners that would be directly affected by this project knew nothing about it.

I am requesting a 90 day extension of the Public Comment period to Dec 16, 2006, so that Public, LA County, etc have time to respond to the Alternative 1-5 proposed by the PUC.

Thank you for your consideration in this matter,

Mr. & Mrs. Al Huber
