CALIFORNIA PUBLIC UTILITIES COMMISSION

Public Meeting Comments

Proposed Antelope-Pardee 500-kV Transmission Project

Date: 9-14-06

Name\*: José Angel Lugo

Affiliation (if any)\*: Friend of People who live in Agua Dulce

Address\*: 906 West 60th Street

City, State, Zip Code\*: Los Angeles, CA 90044

Telephone Number\*: 818-339-8101

Email\*: \_\_\_\_\_

- Please don't use Alternative 5.
- The existing route through the forest land is away from people. This route will avoid having to displace people from their houses and properties.
- Alternative 5 should be avoided for the following:
  1. It is more expensive
  2. It is disruptive to existing communities
  3. High power lines shouldn't be located near where people live.
  4. The towers would be visible right near Vasquez Rocks.
  5. This project would lower everybody's property values along every part of this new route.

D.45-1

*\*Please print. Your name, address, and comments become public information and may be released to interested parties if requested.*

Please either deposit this sheet at the sign-in table before you leave today, or fold, stamp, and mail. Insert additional sheets if needed. Comments must be postmarked by September 18, 2006. Comments may also be faxed to the project hotline at (661) 215-5152 or emailed to antelope-pardee@aspenerg.com.

## Response to Comment Set D.45: José Angel Lugo

D.45-1 Thank you for expressing your concerns on Alternative 5. As discussed in Section C.15.10.2 (Impact V-25), impacts to the visual quality of landscape views from Vasquez Rocks as a result of Alternative 5 would be significant and unavoidable. Please also see General Response GR-3 regarding the health effects of EMF and General Response GR-1 regarding potential effects on property values.
