A. The existing view to the southeast toward the DPV1 line as it crosses the northern slopes of the Orocopia Mountains, from Key Viewpoint 11 on eastbound I-10, approximately 0.9 mile west of Hayfield Road.

B. This image presents a photosimulation of the Proposed Project adjacent and to the north (left) of the DPV1 line. The simulation shows proposed towers 2424 and 2425 (right to left), as the line crosses several ridges.
