We live at Sun Lakes Country Club in Banning, Ca and are writing you to let you know we are very much in favor to have the power lines put underground for the well being of our health, well being and safety. Believe me it's just not a small group of residents that are in favor of it, but many of us are very concerned and have found it difficult to make our board of directors respond favorably to our desires. We would appreciate all the help you can give us.

Thank you for your time.

Sincerely,

Bill and Judy Cadman
5984 Indian Canyon Drive
Banning CA 92220

Responses to Comment Set C15 – Bill and Judy Cadman

- C15-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July, 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative. Please also see original Draft EIR (December 2007) Sections D.7 (Hazards and Hazardous Materials) regarding health and safety concerns.
