Subject: underground lines

I am weary of a neutral, phlegmatic board. Seems the only time they take any action is when someone complains. Well, we, the community, are complaining. We want those lines underground.

I also thought the Board was supposed to act on our wishes and concerns. Again, we are concerned and since we pay for everything here, we feel that the least you can do is to agree, and get the fool things underground. It will pay off down the line.

The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative.
