Sir,

I am writing you to express my concerns regarding the proposed Jefferson-Martin 230 KV Transmission Line Project.

With two kids and hopefully a third one coming next year, I am seriously concerned on the potential health impact that the EMF emission will have on my family.

Would you please consider moving this project to west of 280? Or perhaps not doing it at all. There are so many other options that should/must be considered before even proposing this one. Thanks for your consideration.

*Please print. Your name, address, and comments become public information and may be released to interested parties if requested.

Please either deposit this sheet at the sign-in table before you leave today, or fold, stamp, and mail. Insert additional sheets if needed. Comments must be received by February 27, 2003. Comments may also be faxed to the project hotline at (650) 240-1720 or emailed to jeffmartin@aspene.com.
