San Francisco, CA 94102-3298

Subject: Jefferson-Martin Transmission Line Project; SCH# 2003012066

The proposed transmission line project has the potential to directly impact San Bruno Mountain State and County Park. California State Parks requests that the project EIR fully analyze potential impacts on the resources and the recreational uses of the park. This analysis should include a discussion of impacts caused by the installation, maintenance, and repair of any new facilities.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Ron P. Sch".

Ronald P. Schafer
District Superintendent
