Rule 3.1(i) and GO 104-A require that TNHC report the material financial interests of its directors, members, partners and/or any associated or affiliated company, in transactions connected to the construction of the TE/VS transmission project.

Affiliates include “any company or person whether or not engaged in public utility operations that directly or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with the utility.”

At this time, TNHC has no such interests to report.
