Re: A.06-08-010 (RPCC's Draft DEIR Comments)

Dear Ms. Blanchard and Ms. Kastoll:

Rancho Penasquitos Concerned Citizens ("RPCC") thanks you and your respective staffs/contractors for the incredible time and effort you have put into the DEIR for the Sunrise project. You will be happy to know that RPCC does not have any substantive comments on the DEIR, other than to say that you and your staff, in RPCC's view, correctly identified not only the environmentally superior alternative through the Coastal link (system upgrades), but the environmentally superior alternatives to the project as a whole.

RPCC spent a considerable amount of time focusing its efforts on providing an alternative within the Coastal link that was not only cost effective and reliable, but was an alternative that impacted our communities and the environment the least. Once again, thank you for your analysis and the DEIR's recognition of this fact.

Should you have any questions, please contact me.

Very truly yours,

/s/Harvey M. Payne
