Subject: Fwd: Sunrise Powerlink Project Draft CPUC/USBLM EIR/EIS

Having reviewed the draft review and report, I am in total agreement with the writers of this summary. They are to be congratulated for the thoroughness of their study and the clarity of the report.

As a Poway resident whose family would be directly injured by Sunrise Powerlink, I sincerely hope that the CPUC and USBLM will embrace this report and deny SDG&E the permission to build this unnecessary and environmentally unfriendly project.

Regards,
