Subject: Comments on the Sunrise Powerlink Project

Sent: Wed Jan 30 11:09**Priority:** Normal

Greetings -

I would like voice my concern over the environmental impact the Sunrise project will have on our county and strongly suggest that upgrades be made to the coastal system instead. As a third generation native San Diegan, I have seen the county experience tremendous growth and the quality lifestyle of its long time residents diminish. If approved, this project would only exacerbate the problem.

As a side note, we need to invest in green energy and not spend money on more of the very thing that is causing global warming.

Thank you for your consideration.

Janet B. Huey
