

Re: EIR/EIS for SDG&E's Sunrise Powerlink Proposal Feb. 26<sup>th</sup>, 2008

Hello commissioners,

D0136

Please support the Environmental Impact Report/Environmental Impact Statement recommendations of alternatives to the Sunrise Power Link, where the least impact to our environment & to Anza Barrego Desert State Park guide any proposal.

For 75 years (at least) millions of taxpayers, millions of donations in land acquisition, cash, capital property & volunteerism; and millions of visitors shoot

REFUSE to ABUSE OUR PARKLANDS.

REFUSE to De-Designate WILDERNESS.

ONCE A PARK, FOREVER A PARK.

Don't be a pusher for Frontierism & excess, to energy gobbling shortsighted approaches. Respect this EIR. Say HELL NO to SUNRISE POWERLINK.

Thank you,

J. Johnstone
