

Michael Clayton & Associates

A The **existing view** to the southwest along I-8 and across the Yuha Desert, toward the Jacumba Mountains in the distance. This viewpoint is just west of the Westside Canal. The existing SWPL 500 kV line is visible in the distance.

B This image presents a **visual simulation** of the Proposed Project. The simulation shows the Proposed Project spanning I-8 as viewed from westbound I-8, approximately 0.3 mile east of the crossing.

Proposed Project
Key Viewpoint 1
Westbound Interstate 8

SUNRISE POWERLINK PROJECT
