Re: Sunrise Powerlink Transmission Project Dust Control Plan

Dear Mrs. Collins:

The Imperial County Air Pollution Control District has finalized its review of the revised Dust Control Plan for Sunrise Powerlink Transmission Project dated November 2009. The plan is consistent and complies with the requirements found in Regulation VIII, therefore, the ICAPCD has found the Sunrise Powerlink Transmission Project Dust Control Plan complete.

Thank you for your timely submittal of this plan. If you have any further questions, feel free to contact me or Belen Leon, APC Environmental Coordinator, at (760) 482-4606.

Sincerely,

Jesus A. Ramirez
APC Division Manager
ICAPCD
