VI. SUMMARY PREPARER

Hillary Murphy, Project Archaeologist, Tierra Environmental Services, Inc.
Joseph M. Nixon, Senior Anthropologist, Tierra Environmental Services, Inc.

The Elliott's are not recognized members of the Manzanita Tribe as is stated on some of their reports. This is direction from the Manzanita Tribal Council. I have expressed to the Elliotts that they cannot write that they represent Manzanita on these forms in the past. As a result I have listed them as Kumeyaay descendants. HM
