TEN WEST LINK TRANSMISSION LINE PROJECT
**MINOR PROJECT REFINEMENT
REQUEST FORM**

Date Submitted:	8/3/22	Request #:	MPRR 002
Date Approval Required:	8/8/22	Landowner:	Largo Concrete
APN:	824-142-015		
Refinement from (check all that apply):			
<input type="checkbox"/> Mitigation Measure	<input type="checkbox"/> APM	<input type="checkbox"/> Project Description	<input checked="" type="checkbox"/> Drawing
<input checked="" type="checkbox"/> Other (please specify): <u>EIS Study Corridor Table (Attachment E)</u>			
Identify source (mitigation measure, project description, etc.):			
Need to add drawing for newly identified laydown yard location which has been selected by the Construction Contractor. Laydown yards and their activities are discussed in the EIS; however, the location of the yard is now defined. Request approval/acknowledgement of laydown yard location. The location falls 200-300-feet outside of the 4,000-foot EIS study corridor for several resources; however, the EIS acknowledged that laydown yards would be selected in Blythe, California, and the site falls within the study corridor for numerous applicable resources (see Attachment E). The site is a developed area which is mostly paved concrete, and is zoned for commercial and industrial use.			
Attachments (check all that apply):

<input checked="" type="checkbox"/> Other (please specify): <u>EIS Study Corridor Widths (Attachment E); Cultural Resources Inventory (Attachment F); Phase I Environmental Site Assessment (Attachment G)</u>			<input type="checkbox"/> Landowner/APN List
As identified in Section 3.3 of the MMCRP, the CPUC may approve minor project refinements under certain circumstances. In accordance with Section 3.3 of the MMCRP, respond "yes" or "no" to the following questions (a) through (d).			
(a) Is the proposed refinement outside the geographic boundary of the FEIS study area?			<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
(b) Will the proposed refinement result in a new significant impact or a substantial increase in the severity of a previously identified significant impact based on the criteria used in the FEIS, Appendix 1C?			<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
(c) Does the proposed refinement conflict with any mitigation measure or applicable law or policy?			<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
(d) Does the proposed refinement trigger an additional permit requirement?			<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Describe refinement being requested (attach drawings and photos as needed):			
Refining the construction drawings to reflect the acquisition of Largo Concrete private property (APN: 824-142-015) in Blythe, California to utilize as a laydown yard. Site photos and a map are provided in the attachments.			

Provide need for refinement (attach drawings and photos as needed):					
Need the refinement in order to identify and occupy the laydown yard for receiving materials, as well as personnel show up and other contractor activities. The yard is a developed, fenced commercial and industrial zoned property at 13241 Neighbours Boulevard, Blythe, California. Much of the yard is paved concrete, and no additional disturbance would be needed for site development. Some grading would be needed to level out piles of gravel material left by landowner in existing disturbance.					
Date refinement is expected to be implemented:				August 8, 2022	
DCRT Approvals					
Title	Name	Approval Initials	Date	Conditions (see attached)	
Project Manager	Lowell Rogers	ZR	4-15-22	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Environmental Project Manager	Randy Schulze	RLS	11-21-22	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Landowner Approval (if required)					
Landowner Name		Signature or Other Consent (see attached)		Date	
Kaz Honda		See Attachment C		5/13/22	
Resource Agency Coordination					
Resource Agency	Name	Action Required	Date	Documentation (see attached if yes)	
N/A – No additional resource agency approval necessary				<input type="checkbox"/> Yes	<input type="checkbox"/> No
