**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

In The Matter of the Application of SAN DIEGO GAS
& ELECTRIC COMPANY (U 902 E) for a Permit to
Construct The TL 6931 Fire Hardening / Wind
Interconnect Project

Application 12-12-007

**MOTION OF SAN DIEGO GAS & ELECTRIC COMPANY (U 902 M)
TO WITHDRAW APPLICATION 12-12-007**

Pursuant to Rule 11.1 of the California Public Utilities Commission’s (“Commission”) Rules of Practice and Procedure, San Diego Gas & Electric Company (SDG&E) respectfully moves to withdraw Application 12-12-007 (“Application”), filed with the Commission on December 13, 2012, in which SDG&E requests Commission authorization to construct the TL 6931 Fire Hardening / Wind Interconnect Project (Proposed Project).

On June 19, 2013, Tecate Divide Wind Energy LLC gave SDG&E notice to cease all current permitting and licensing activities associated with the Proposed Project interconnection facilities for the Shu’luuk Wind Project. The termination notice is attached hereto as Appendix A.

In light of the foregoing, SDG&E believes the best course of action is to withdraw the Application from consideration by the Commission. SDG&E will re-evaluate TL 6931 as part of its ongoing efforts to replace existing wood poles with steel poles in high risk fire areas. SDG&E therefore requests that the Commission grant its request to withdraw the above-captioned Application.

In conclusion, for the reasons stated above, SDG&E respectfully requests the Commission to grant its motion to withdraw Application 12-12-007.

Respectfully submitted and dated this 21st day of June 2013, at San Diego, California.

Re: Request to Cease Permitting

To whom it may concern:

Reference is made to that certain Standard Large Generator Interconnection Agreement by and among Tecate Divide Wind Energy LLC ("Tecate"), San Diego Gas & Electric Company ("SDG&E"), and the California Independent System Operator Corporation ("CAISO"), dated October 26, 2010 and as subsequently amended by that certain First Amendment to the Standard Large Generator Interconnection Agreement, dated May 28, 2013 (collectively, the "LGIA").

As a follow-up to discussions between Tecate and SDG&E, Tecate requests that all current permitting and licensing activities associated with SDG&E Interconnection Facilities (as defined in the LGIA) be ceased.

If you have any questions or concerns, please do not hesitate in contacting me.

Sincerely,

Kris Zadlo
Vice President, Transmission and Regulatory Affairs
