

## CONTENTS OF THE FINAL EIR

The Final EIR consists of two volumes: Volume 1 (Responses to Comments) and Volume 2 (Revisions to Final EIR). Volume 1 contains all comments received on the Draft EIR and responses to comments. Thirty-two comment letters were received on the Draft EIR and submitted to the CPUC, including transcripts from the April 28, 2009, public participation hearing and the October 27, 2009 public participation hearing.

In accordance with Section 15132 of the CEQA Guidelines, Volume 2 of the EIR presents the changes that were made to the Draft EIR as a result of comments received on the Draft EIR. Revisions made merely clarify information presented in the Draft EIR. Only minor technical changes or additions have been made. These changes and additions to the EIR do not raise important new issues about significant effects on the environment. Such changes are insignificant as the term is used in Section 15088.5(b) of the CEQA Guidelines. Volume 2 is completely reprinted from the Draft EIR. Changes made to the Draft EIR are either signified as a replacement, addition, or revision to existing text. Revisions to existing text are signified by ~~strikeout~~ where text is removed, and by underlined text (underlined) where text is added for clarification.
