Question Q.26:

Traffic Study

Due to the high volume of traffic during construction, a Traffic Study is required to support the conclusions in the impact analysis. Provide a Traffic Study based on the "Proposed Traffic Study Outline" provided as Attachment #2 to this Data Request (Data Request #1). The Traffic Study should be based on the proposed outline but is not limited to the data requested in the outline, should additional information be necessary to support the conclusions in the Traffic Study. The Traffic Study must be overseen or prepared approved by a Traffic Engineer prior to submittal to the CPUC.

Response to Question Q.26:

SCE is working with Kimley-Horn, a traffic consultant, to prepare a traffic study for the Proposed Project. SCE will submit the traffic study to the CPUC by July 13, 2015.
