

*Southern California Edison*  
**MESA PTC A.15-03-003**

**DATA REQUEST SET A1503003 ED-SCE-08**

**To:** ENERGY DIVISION  
**Prepared by:** Joseph Johnson  
**Title:** Senior Project Analyst  
**Dated:** 07/15/2016

---

**Question 06:**

SCE's comment on the Draft EIR, Section 4.8.3.3, page 4.8-19, lines 8–12 stated City of Monterey Park and the Central Basin Metropolitan Water District would be able to provide recycled water for the project. Provide a record of communication with those agencies that supports SCE's claim.

**Response to Question 06:**

In an effort to minimize potable water usage from the city of Monterey Park for the Mesa Project, SCE initiated a Letter of Intent with Central Basin Municipal Water District (CBMWD) on March 25, 2016, to utilize recycled water (see attached) for soil conditioning needs during construction. SCE has been attending regularly scheduled monthly status meetings with CBMWD and the city of Monterey Park to further this effort. It should be noted that the water usage numbers in the letter have been updated, based on further analysis.
