Re: **Errata to Comments on the Draft Environmental Impact Report for the Proposed Monterey Peninsula Water Supply Project**

Dear Mr. Barnsdale:

On July 1, 2015, California Unions for Reliable Energy ("CURE") submitted comments on the Draft Environmental Impact Report for the Monterey Peninsula Water Supply Project. Page 44 of those comments includes two emissions tables, one of which is titled "**Dr. Fox's Revised PM10 and PM2.5 Construction Emissions.**" This table contains typographical errors. Accordingly, CURE submits with this letter the corrected table as **Attachment A**, and requests that the corrected table be substituted for the incorrect table that was originally filed. Thank you for your consideration.

Sincerely,

Laura E. Horton
