

*Southern California Edison*  
**Presidential Substation Project A.08-12-023**

**DATA REQUEST SET Presidential ED-03 (Part 1)**

**To:** CPUC

**Prepared by:** Philippe Lapin

**Title:** Environmental Coordinator

**Dated:** 05/19/2009

---

**Question 33:**

**Project Description**

The PEA states that existing paved public roads and unpaved access roads would be used to provide necessary construction access. Are the unpaved access roads public or private?

**Response to Question 33:**

The existing unpaved roads that would be used for construction access are located on private property. SCE currently maintains easements over the private property for access.
