SUBJECT: Data Request #4 for Presidential Substation Project

Dear Ms. McLeod:

As the California Public Utilities Commission (CPUC) proceeds with our environmental review for Southern California Edison (SCE)'s Presidential Substation Project, we have identified additional information required for our analysis of the Proposed Project and alternatives. The primary purpose of this request is to gather the necessary information to describe changes in the Proposed Project design. Please provide the information requested on the pages attached to this letter by June 23, 2010. Please submit your response in hardcopy and electronic format to me and also directly to our environmental consultant, ESA, at the mail and e-mail addresses noted below. If you have any questions please direct them to me as soon as possible.

Sincerely,

A handwritten signature in blue ink that reads "Juralynne Mosley".

Data Request #4

Presidential Substation Project

Project Description

1. Provide a revised description of the proposed project including any changes to the figures, construction methodologies, emissions, substation drawings, pole locations and subtransmission and distribution line alignments presented in the PEA to reflect design changes.
