**NOTES:** The Green Line light rail, Frequent Bus Line 22, and Rapid 523 Bus Line on San Carlos Street cross the Proposed Project alignment on Monterey Rd; this location is a jack-and-bore crossing. Bus Line 64B runs on W Santa Clara St and crosses the project alignment perpendicularly on Market St, but bus stops would not be affected by the project. Bus Line 22 runs on Santa Clara St and would cross the Project perpendicularly, and may experience interruptions due to trenching for the Project alignment on Market St. No bus stops would be directly affected by the project.
