Project Description: _____

The proposed project is for the construction of a Static Synchronous Compensator (STATCOM) Substation, herein referred to as the Fern Road Substation. The project site is directly adjacent to the Round Mountain - Table Mountain #1 and #2 500 kV transmission line corridor. The Proposed Project site is located approximately 2,000 feet east of Fern Road, and approximately 1.6 miles northwest of the unincorporated community of Whitmore and approximately 9.3 miles north of State Highway 44 in an unincorporated area of southern Shasta County. The proposed substation will occupy approximately 6 acres and the construction limits encompass 86 acres. The land is currently used for grazing cattle.

Re: Roundmountain STATCOM Facility Project, Shasta County

Dear Ms. Cox:

A record search of the Native American Heritage Commission (NAHC) Sacred Lands File (SLF) was completed for the information you have submitted for the above referenced project. The results were positive. Please contact the tribes on the attached list for more information. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Attached is a list of Native American tribes who may also have knowledge of cultural resources in the project area. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated; if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call or email to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from tribes, please notify me. With your assistance, we can assure that our lists contain current information.

If you have any questions or need additional information, please contact me at my email address: Nancy.Gonzalez-Lopez@nahc.ca.gov.

Sincerely,

Nancy Gonzalez-Lopez
Cultural Resources Analyst

Re: Round Mountain STATCOM Facility Project

Dear Chairperson Potter,

The proposed project is for the construction of a Static Synchronous Compensator (STATCOM) Substation, also referred to as the Fern Road Substation. The project site is directly adjacent to the Round Mountain - Table Mountain #1 and #2 500 kV transmission line corridor. The Proposed Project site is located approximately 2,000 feet east of Fern Road, and approximately 1.6 miles northwest of the unincorporated community of Whitmore and approximately 9.3 miles north of State Highway 44 in an unincorporated area of southern Shasta County. The proposed substation will occupy approximately 6 acres and the construction limits encompass 86 acres. The land is currently used for grazing cattle.

PanGIS, Inc., is providing cultural resources services for the project's planning process, including: a records search at the Northeast Information Center (NEIC), Sacred Lands File Search with the Native American Heritage Commission (NAHC), a Class III archaeological survey, and a cultural resources technical report. The records search at NEIC was negative for the project limits of construction, but resources were present within a 1-mile radius.

A records search of the NAHC Sacred Lands File was ordered on March 12, 2021, for the project area; the results, received April 2, 2021 were positive. The NAHC suggested you may be able to supply information pertinent to the project area or might recommend others with specific knowledge. Any sensitive cultural information you provide will be protected and will not be disclosed in public documentation. **This is an information request only and is not associated with any official consultation.**

Thank you for your consideration of this matter and please do not hesitate to contact me at (619)218-9724 or dmengers@pangis.com should you have any questions or need additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "DM", is placed over a light gray rectangular background.
