Appendix E

Minor Project Refinement Form

Appendix E: Minor Project Refinement Form

Provide basic information: MPR Request Number: Date Submitted to CPUC: Requested Approval Date: Anticipated Start Date for
Proposed Action: Anticipated End Date for
Proposed Action:

Describe the proposed minor Project refinement, including an explanation for why the refinements are necessary:

Describe the dimensions and area of any additional work areas and land disturbance associated with the proposed refinements. Include/attach photos, maps, or other documentation illustrating the existing conditions in the area:

Provide a summary list of applicable Project requirements (e.g., APMs, MMs, etc.) for which the refinements are being requested:

Would the proposed refinements conflict with any of the above-listed APMs, MMs, or other Project requirements or applicable laws, regulations, or policies?	No	Yes
Explain proposed refinements consistency/inconsistency with applicable Project requirements below.		

Would the Proposed Project refinements result in a new impact, or increase the severity of a previously analyzed impact on:	No	Yes
Aesthetics (e.g. damage scenic resources or vistas, degrade the existing visual character of the site and its surroundings, or create sources of light or glare)? of the site and it surroundings, or create sources of light or glare)? FEIR Significance: Less than Significant with Mitigation		

Summary of Proposed Project Refinement Impacts on Aesthetics:

Agriculture and Forestry (e.g. convert Farmland to nonagricultural use, or create a	
conflict with existing agricultural zoning or a Williamson Act)?	
FEIR Significance: Less than Significant	

Summary of Proposed Project Refinement Impacts on Agriculture and Forestry:

Air Quality (e.g. produce criteria air pollutant emissions, or expose sensitive receptors to	
addition pollutants)?	
FEIR Significance: Less than Significant with Mitigation	

Summary of Proposed Project Refinement Impacts on Air Quality:

Biological Resources (e.g. have an adverse effect on sensitive or special-status species; impact riparian, wetland, or any other sensitive habitat; or conflict with local policies or	
ordinances protecting biological resources)?	
FEIR Significance: Less than Significant with Mitigation	

Summary of Proposed Project Refinement Impacts on Biological Resources:

Cultural Resources (e.g. cause an adverse change to a significant historical, archeological, or paleontological resource)? <i>FEIR Significance: Less than Significant with Mitigation</i>	
Summary of Proposed Project Refinement Impacts on Cultural Resources:	·
Geology, Soils, and Seismicity (e.g. cause or expose people or structures to geologic or soil hazards, including erosion or loss of topsoil, seismic-related ground shaking, landslides)? FEIR Significance: Less than Significant with Mitigation	
Summary of Proposed Project Refinement Impacts on Geology, Soils, and Seismicity:	·
Greenhouse Gas Emissions (e.g. generate a substantial amount of greenhouse gas [GHG] emissions, conflict with an applicable plan, policy, or regulation adopted for the purpose of reducing emissions or GHGs)? FEIR Significance: Less than Significant	
Summary of Proposed Project Refinement Impacts on Greenhouse Gas Emissions:	
Hazards and Hazardous Materials (e.g. create or increase the exposure of people or structures to hazardous materials, involve the use of additional hazardous materials or equipment, or interfere with an adopted emergency plan)? FEIR Significance: Less than Significant with Mitigation	
Summary of Proposed Project Refinement Impacts on Hazards and Hazardous Materials:	

Summary of Proposed Project Refinement Impacts on Hydrology and Water Quality:

Land Use and Planning (e.g. physically divide an established community; conflict with a	
land use plan, policy, or regulation of an agency with jurisdiction over the project, or	
conflict with a habitat conservation plan)?	
FEIR Significance: Less than Significant	

Summary of Proposed Project Refinement Impacts on Land Use and Planning:

Mineral Resources (e.g. result in the loss of known mineral resources of regional and/or	
state value, or availability of locally-important mineral resource recovery site delineated	
on a local general plan, specific plan, or other land use plan)?	
FEIR Significance: No Impact	

Summary of Proposed Project Refinement Impacts on Mineral Resources:

Noise and Vibration (e.g. expose sensitive receptors to additional noise or vibration,	
exposure of persons to or generation of excessive ground-borne noise or vibration)?	
FEIR Significance: Less than Significant with Mitigation	

Summary of Proposed Project Refinement Impacts on Noise and Vibration:

Population and Housing (e.g. directly or indirectly induce substantial population growth	
in an area, or displace substantial numbers of people or existing housing)?	
FEIR Significance: Less than Significant	

Summary of Proposed Project Refinement Impacts on Population and Housing:

Public Services and Utilities (e.g. result in substantial adverse physical impacts on government facilities that provide a public service; require or result in the construction of new water, wastewater treatment, or stormwater drainage facilities; have insufficient water supplies or wastewater treatment capacity available to the project from existing entitlements and resources; be served by a landfill with insufficient permitted capacity to accommodate the project's need; or fail to comply with federal, state, and local statutes and regulations for solid waste)?	
FEIR Significance: Less than Significant with Mitigation	

Summary of Proposed Project Refinement Impacts on Public Services and Utilities:

Recreation (e.g. increase the use of, or cause adverse effects on, existing parks or other	
recreational facilities)?	
FEIR Significance: Less than Significant	

Summary of Proposed Project Refinement Impacts on Recreation:

 Transportation and Traffic (e.g. increase traffic congestion or degrade performance of the

 circulation system, taking into account all modes of transportation, or increase hazards
 due to a design feature)?

 FEIR Significance: Less than Significant with Mitigation

 Advectory of the set of the se

Summary of Proposed Project Refinement Impacts on Transportation and Traffic:

Describe any applicable consultation with other governmental agencies conducted for the proposed refinements:
